## Quality Materials & Equipment

### ONLY THE BEST

From the underlayment to the shingles, quality and durability is important to you. We use the best quality Owens Corning™ materials to cover your roof. Our materials are backed by a manufacturers warranty for your peace of mind.

Our equipment is top of the line. We are one of a few roofing companies in the area to use the roofers buggy to protect your home and landscaping by eliminating the need to push old shingles and roofing materials off your roof and onto your lawn. Our trucks are clean, equipped and in top condition.

## Warehouse & Showroom

### FOR YOUR CONVENIENCE

Our West Mifflin Showroom has samples of every color shingle, siding, and accessory on display making your style choice easy and convenient.

We buy in bulk and keep a fully stocked warehouse next to our showroom. This allows us to save you money and have exactly what we need to complete your roof replacement.

## TESTIMONIALS

"We had a roof, gutters, and fascia installed. Craig is very knowledgeable and very professional; his guidance helped us to select the right shingle etc. for our house. His crew, also knowledgeable and professional, did an exceptional job. We are so pleased with the results. . . . "

"We had Craig replace our house, porch and garage roofs and we couldn't be more pleased. Not once did we get that "did we choose the right company" feeling. Craig was professional, courteous, and very knowledgeable. He guided us through the process in a way that made us very comfortable. His crew arrived looking and acting like professionals and left our property as clean as when they arrived. Love our new roofs and have no trouble highly recommending Craig Gouker Roofing. "

"Highly recommended for workmanship, professional and courteous crew, neat work site, great customer relations, prompt response to questions and concerns, and fair pricing. Estimates are done quickly using accurate area data for materials quote and the owner is directly involved with the job. Excellent "

## TESTIMONIALS

"Gouker Roofing is head and shoulders above your average roofer. His professional staff is well-trained, courteous, and gives the word "craftsman" a new meaning. Everything is professional from the scaffolding to the space age hydraulic lift, which collects all the debris. . . . If you're looking for quality at a fair price, look no further than Craig Gouker Roofing"

"Craig Gouker Roofing replaced our roof and siding and his teams for both jobs were so hard working and experts in their craft. Craig worked with me to get all the materials selected and is very talented in what he does and his workers take pride in the work that they do. . . I would recommend Craig and crew for a new roof and siding replacement anytime. "

"These guys did an incredible job and it was well worth the wait. They had state-of-the-art equipment and actually had a few guys who walked around the house picking up any left over debris. The entire experience was very positive. If you are looking for a reliable roofer who has his own staff and does NOT subcontract ANY of the work, this is your company. Give them a call."

## Expert Craftsmanship

### 25 YEARS OF ROOFING EXPERIENCE

We have a quarter century of experience dedicated to providing quality roofing craftsmanship to homeowners in south and east Pittsburgh. We believe in taking a professional and honest approach to your project. You will see our employees and trucks with our logo. We do not use subcontractors and stand by our work.

Craig Gouker Roofing was selected to join less than 1% of roofers in the country in the Owens Corning™ Platinum Preferred Contractor Network based upon our commitment to service, reliability and unparalleled craftsmanship. We are also proud to have received the Angie's List Super Service Award in 2015, 2014, 2013, and 2011 and an A+ rating with the Better Business Bureau.

## Fully Licensed & Insured

### TO PROTECT YOUR INVESTMENT

Making sure your roofing contractor is properly licensed and insured is very important. An accident or injury could cost you if the contractor doesn't have the right kind of liability and workers compensation insurance. We have \$1 million in liability insurance and **PROPERLY** classified workers compensation coverage.

Pennsylvania requires contractors to be licensed. Our PA license is #012596.

*We Care About the Details*

# How to Choose a Roofing Contractor.

We know that replacing your roof is a big investment. There are some important questions to ask before choosing your contractor.

1. How much experience do they have?
2. Are they licensed and properly insured?
3. Can they supply references?
4. Are they in good standing with the Better Business Bureau?
5. Were they on time and professional for the estimate? Was the estimate in writing? Was it clear and detailed?
6. Where is the company located? Do they have an office or showroom?
7. Who will do the work? Are they employees of the company? Is there someone I can communicate with?
8. Are they using quality materials?
9. What is the schedule for work and payment? Do they require payment up front?

***We are proud of our history of satisfied customers. Replacing a roof is a big investment and we take that seriously.***
